

EDGE-TO-EDGE PRINTING. START-TO-FINISH QUALITY.

Creating high-quality, vibrant ID cards has never been easier. The **Nuvia N20 Card Printer** is ideal for on-site printing of small batches up to 100 cards or simple one-card designs. The lightweight N20 printer from Pointman Technologies makes it simple to quickly print ID cards, loyalty cards, gift cards, and more without sacrificing eye-catching colors or functionality. The Nuvia N20 printer offers universal connectivity and can be upgraded to meet your business needs with dual-sided printing and a range of security encoding options.

Sophisticated printing technology in a user-friendly, lightweight design.

AT A GLANCE

NUVIA 20

Compact, lightweight design – Lightweight design with the small footprint allow you to operate the Nuvia card printer where you need it most.

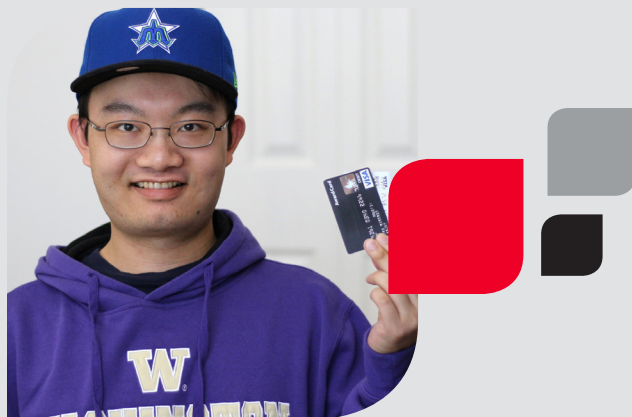

Mobile Compatible – Design and print right from your smartphone or tablet with our mobile app.

User-friendly Functionality – Simplicity is built into the design, operation, and user interface of the Nuvia N20 printer.

Ready to Run – Your Nuvia comes loaded with Card Designer™ software and printer driver already installed.

Low-cost, high-capacity consumables – High-capacity, full and half-panel color ribbons significantly lower cost-per-card and reduce total cost of ownership.

Big power from a small footprint – Powerful printing in a modular, scalable design that simplifies in-field equipment upgrades and migration to higher levels of security.

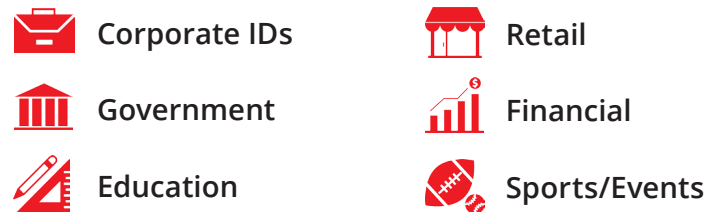

Trust the Pointman Name:

Pointman offers unmatched protection, with a 5-year warranty on the printer.
